

Curriculum Vitae

**Nancy Stacy, GG, ASA
Master Gemologist Appraiser**

712 Bancroft Rd, #436; Walnut Creek, CA 94598
www.jewelry-appraisal.com - nancy@appraiser.net

May 18, 2014

I am an independent, professional jewelry appraiser based near San Francisco in Walnut Creek, California. My practice is limited to the appraisal of diamonds and gemstones, fine jewelry (including watches) and sterling silver flatware. I am a current Senior Appraiser with the American Society of Appraisers with the additional designation of Master Gemologist Appraiser. My gemological laboratory is registered with the Accredited Gemologists Association, and includes a portable gem lab.

I have performed appraisals for the US Treasury Department Customs Service (now Department of Homeland Security), the US Department of Justice, DEA and the US State Department, have been accepted as an expert in the Superior Courts of California and Nevada, and have been engaged as an expert in numerous cases.

I have appraised the inventories of jewelry stores, the jewelry department of a nationally-known San Francisco-based luxury emporium and the inventory of an internationally prominent diamond cutting firm.

My practice encompasses a full spectrum of appraisal uses, from insurance coverage and claims, resale, collateral, liquidation, divorce, donation, estate tax, estate distribution, trusts, conservatorships and torts for an array of values including replacement value, replacement cost, market value, fair market value, marketable cash value, and both orderly and forced liquidation.

My practice is carried out in conformity with the Uniform Standards of Professional Appraisal Practice of the Appraisal Foundation and the Principles of Appraisal Practice and Code of Ethics of the American Society of Appraisers and the Master Gemologist Appraiser® program.

My academic background is a Bachelor of Arts degree in Education from Fresno State University, with two years of post-graduate work in Measurement and Evaluation. I entered the jewelry industry in 1980 as the owner of a small retail jewelry shop, then of a full-service fine jewelry store. I earned my Graduate Gemologist degree from the Gemological Institute of America. From 1986-88 I hosted a weekly radio call-in talk show on station KATY called "A Rainbow of Jewels". I obtained training in appraising from the American Society of Appraisers, of which I am a Senior Member. In 1990, I closed the retail part of my business to become a full-time appraiser. In 1997 I earned a Certified Insurance Appraiser (CIA™) rating from Jewelry Insurance Appraisal Institute.

I have taught and developed appraisal courses for the American Society of Appraisers since 1989 in a number of venues across the United States, including George Washington University, Rhode Island School of Design (Brown University) and University of California at Irvine. I was co-developer and have taught a 10-day jewelry appraisal course (GJ216 Advanced Gemological Appraisal) four times in Beijing and Shanghai at the invitation of the People's Republic of China.

Courses that I have taught for the Personal Property discipline are: "The Uniform Standards of Professional Appraisal Practice", PP/GJ201 "Introduction to Personal Property Valuation", PP/GJ 202 "Personal Property Valuation Methodology—Research & Analysis" and PP/GJ 203 "Appraisal Writing".

7/1/1999	GJ216 - Valuation Theory & MGA	160	ASA	Course development for China offering
